

DT Homework
My biscuit recipe

By Reuben Patel

My special biscuit recipe

Equipment

Ingredients

Extra

Method

Questions and Answers

- 1) **How did the extra ingredients change the taste, smell, texture and appearance of the biscuits?**

The taste was sweeter, the smell was vanilla and the rest was the same.

- 2) **Who would that appeal to?**

My dad because he loves chocolate.

Questions and Answers

3) What would you change?

Maybe I'll add more vanilla to make it sweeter. I loved the smell!

4) How would that alter the biscuits?

It would only alter the smell and taste. The texture and appearance would stay the same.

Don't forget to wash your hands and tidy up your kitchen!
