## LO: Edit and present your work

Today's task is possibly the hardest one to complete: proof-reading and editing your work.

- **Carefully** read every sentence
- **Check** your grammar, tense, voice (first/second/third person)
- **Correct** any spellings and punctuation
- **Improve** any sentences and vocabulary that you believe are not written in the style of Kipling or your story
- Identify **three things** that you are **pleased** with and **one thing** to **improve**.

**Now write or type your Origin Story out neatly.**

**Extension:** Illustrate your story.
