

Genius Hour

Unlock your inner genius!

A recap

Read over your **pitch** to the class from the last session.

If there is anything you want to amend or add to it, do it now.

Task three: the research

Today you will begin
researching, learning and
documenting.

How can we help each other
during Genius Hour?

Task three: the research

Today you will begin **learning** about your idea. You could be

- watching videos
- contacting people who are experts
- reading books or articles.

As you learn, you should **document** your progress in your journal. Write notes, draw sketches and diagrams.

Make your journal as interesting as your final creation!
