

Today we harvested our potatoes!

It was a bit messy so we wore gloves

This is what the potatoes
looked like when we pulled
them out of the soil

We washed them and put them in a basket

Then we took them to Mrs Day who said she would cook them for us on Monday so we can eat them. She will put them in a big colander and they can cook in the steamer for 12 minutes

Yum Yum!

Mrs Day said she would store the potatoes in her larder until Monday

Lewis wrote a label so Mrs Day would remember which class grew them
(we don't want anyone else to eat them do we !)
