

Our Values

At Handsworth, we believe in the following values:

T

Trust

Trust means having confidence in one another and knowing that we can rely on each other. We keep our promises and are honest in our words and actions. When we trust each other, we build strong bonds and create a safe and caring community.

H

Hope

Hope means having a positive outlook for the future and believing that good things can happen. It's about staying optimistic, even when things get tough. We inspire hope in ourselves and others, knowing that with determination, we can overcome challenges and bring about change.

R

Relationships

Relationships are the special connections we have with each other. We listen to one another, show kindness, and support each other when needed. Building positive relationships helps us feel happy and understood, and it makes our school a warm and welcoming place.

I

Inclusion

Inclusion means everyone is welcome and valued for who they are. We celebrate our differences and treat everyone with kindness and respect. Inclusion means making sure that nobody feels left out and that everyone has a chance to participate and be heard. Together, we create a community where everyone belongs.

V

Vision

Vision means having a clear picture of what we want to achieve. We dream big and set goals for ourselves. Our vision guides us and helps us make decisions that will lead us to success. With our vision, we can make a positive impact on our lives.

E

Excellence

Excellence means always trying our best and aiming high. We work hard to achieve our goals and take pride in our work. We understand that everyone is unique, and we support each other to reach our full potential. We believe that by valuing and encouraging each individual's strengths, we create a community where everyone can shine.
